## Good Individuals - Good Backgrounds

D. M. Gregg, Harrisonville, Missouri, purchased his first Shorthorns in 1913 with a foundation of 30 Tomson Bros. bred females from Wakarusa, Kansas. Since that time he has always used the best herd sires obtainable following closely many of the greatest bulls ever used at Sni-A-Bar Farms, Grain Valley, Missouri. Cattle bred by D. M. Gregg have enjoyed unusual success; in many instances in the hands of their new owners. It will be recalled that Sni-A-Bar Farms, Grain Valley, Missouri, had national winners and champions in a young cow, Gregg Farms Princess and her two daughters Princess Susanna and Princess Elizabeth. A full sister to Gregg Farms Princess sells in this sale. Dr. S. A. Donahoe, Sioux Falls, South Dakota is the owner of Gregg Farms Mercury, reserve champion bull of the Iowa State Fair and Kansas City Royal Livestock Show. This bull's dam and two full sisters sell in this sale. In 1949 Kansas State College showed the young bull Gregg Farms Hoarfrost to the Chicago International reserve championship and the 1950 Denver grand championship. His dam and two full brothers sell in this sale. Tomson Bros., Wakarusa, Kansas, have been using the young bull Gregg Farms Commander, sire of the 1950 Kansas State Show champion and top selling bull, with a great deal of success in their well known herd. His dam, a full brother and a full sister sell.

It is readily seen that the dividends declared by Edellyn Valiant Mercury are proving to be gilt-edged security. Certainly one of America's all time great Shorthorn sires, he sells in this sale with 21 sons and 52 daughters, plus approximately 25 more calves at foot of their dams sired by him.

This sale offers a real opportunity for many owners to get their herd bull situation in hand with the privilege of bidding on such outstanding young bulls as Gregg Farms Champion, the dark roan two year old full brother to Gregg Farms Hoarfrost, all in all there will be real opportunity in the 31 bulls that sell.

Those buyers seeking top females will have the greatest opportunity of the year in this sale where they will find 53 cows with calves at foot, 86 bred cows and heifers, many close to calving and 17 open heifers.

Thus with every animal in the entire Gregg herd listed, this sale provides one of the great all-time buying opportunities in the history of Shorthorns in America. For over a third of a century Max Gregg has been making a fine contribution to Shorthorn cattle progress. His farming and purebred cattle operations were always on a large scale. It was to relieve himself of much of this heavy responsibility that early this spring he sold his farm, all equipment and cattle to the Hargus Land & Cattle Company of Harrisonville.

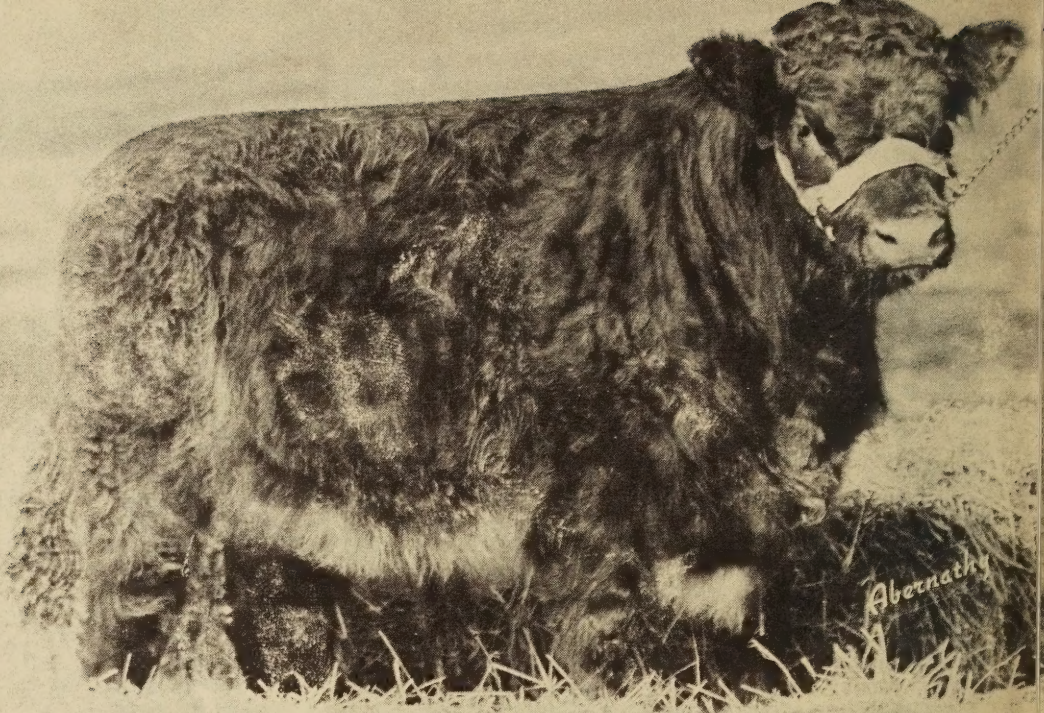

The decision of the Hargus Land & Cattle Company to share this breeding and the valuable members of this herd with Shorthorn breeders everywhere on Monday, September 17th is worthy of the interest and participation of every successful Shorthorn breeder.

EDELLYN VALIANT MERCURY - certainly one of America's all time great Short-horn sires. He was purchased in the 1945 Edellyn Farms Sale, by D. M. Gregg at 11 months of age. He was the second prize summer bull calf at the Chicago International Livestock Show for Edellyn Farms the only time he was ever shown. He is the sire of the 1949 International reserve grand champion and 1950 Denver grand champion bull Gregg Farms Hoarfrost, shown and now owned by Kansas State College, Manhattan, Kansas. Gregg Farms Mercury, another son and now owned by Dr. S. A. Donahoe, Sioux Falls, South Dakota, was the reserve champion bull of the 1948 American Royal Livestock Show and also reserve champion at the San Francisco Cow Palace Show. Countless other sons and daughters, although never shown are doing a grand job in strong herds over the nation. In this sale alone there will be 21 sons and 52 daughters,, plus approximately 25 calves at foot, by Edellyn Valiant Mercury. He is still an active and sure breeder and only seven years of age. He can still go ahead and write breed history for some another new owner.

KLAYMOR KOHINOOR — the top bull of the 1947 Klaymor Farms Sale. He had been called the best bull ever produced at Klaymor. His sire, Klaymor Ironsides was the top selling Klaymor bull in 1946 and his dam, Calrossie Joan Ramsden is by the 1933 Perth champion, Calrossie Control. He has lived up to all expectations and his calves are uniformly smooth, dark colored and wonderfully balanced. Nine sons and 23 daughters in addition to 25 calves at foot of their dams sell in this sale sired by him. Only five years old here is another opportunity for some breeder to buy the kind of a herd bull that can move his herd ahead ten years in quality and breeding.

GREGG FARMS CHAMPION — a full brother to Gregg Farms Hoarfrost. This dark roan bull has tremendous depth of body, substance, fleshing and a breeding bulls head, and is being used liberally in the herd. He is generally considered as outstanding in individuality as his famous full brother. Had the Gregg herd been continued this bull could no doubt have never been purchased at any price. His sire sells, his dam sells with another outstanding full brother at foot. Here is a chance to own a bull where all the uncertainty and gamble have been eliminated, just buy him and use him.

She is a deep bodied, short legged, breedy headed cow and sells with a roan bull calf at foot, a full brother to the above two bulls that was calved April 7, 1951. The bull calf at foot named Gregg Farms Finale is a real herd bull prospect and looks every bit the equal of his two illustrious brothers of the same age. Consider that this cow is only a six year and has again been REMATED SINCE MAY 28th TO EDELLYN VALIANT MERCURY. There is no telling what the earning power of this three-in-one combination could be.
